OUTR AT A GLANCE

Odisha University Of Technology And Research (OUTR), formerly CETB, stands as a significant public technical university in Bhubaneswar, India, established in 1981. Renamed through the Odisha University Of Technology And Research Act, 2021, it holds unitary university status bestowed by the Government Of Odisha. The institution, accredited by the National Board Of Accreditation, offers 13 undergraduate and 29 postgraduate programs in various engineering and technology disciplines. Admissions are facilitated through the Joint Entrance Examination (Main). OUTR is dedicated to holistic development, organizing seminars, workshops, and iste-sponsored programs, fostering motivation among students, faculty, and staff. The emphasis on communication skills is evident through public speaking events, debates, and workshops, aiming to equip students for success in their professional journeys.

FROM THE VC'S DESK

“

Since its establishment, The Odisha University Of Technology And Research has been unwavering in its commitment to the holistic development of students. the institution actively cultivates a dynamic learning environment, offering diverse opportunities for students to engage with both inter and intradisciplinary subjects throughout their academic journey.

With each passing year, the odisha university of technology and research continues to elevate its mission for student development. The most recent advancements include the introduction of Microspecializations and the initiation of international summer and winter terms. these innovative additions are designed to expand the horizons of our students, providing them with opportunities to delve beyond the confines of their regular curricula and disciplinary boundaries.

I extend my heartfelt compliments and congratulations to our industrious students, faculty, and staff who contribute significantly to the success and continuous evolution of our university.

”

Prof. (Dr.) Bibhuti Bhusan Biswal

VICE CHANCELLOR

FROM THE TPO'S DESK

Prof. (Dr.) Bibhu Prasad Dash

TRAINING AND PLACEMENT OFFICER

“

It is a true honour for us to present to you a group of highly motivated, well-trained, and equipped professionals who are ready to take on the opportunities and difficulties of the business and industry world. The live industrial projects, specialized webinars, and general training are just the icing on the cake. Students routinely participate in mock exams and soft skill training on pertinent and important topics to advance their knowledge in a variety of fields of employment and satisfy the demands of the industry. With that, the entire our team wishes to extend its sincere and unending gratitude to all the organizations for their invaluable assistance in making this endeavour a huge success. We pledge to bring excellence and gratitude to the table.

”

WHY TO RECRUIT AT OUTR?

GLORIOUS PAST

Since its inception, outr has spearheaded the state's technical expertise development and shaped students to contribute globally. A robust alumni network further improves the institution's success and student welfare

ALUMNI CONNECT

OUTR facilitates student engagement through seminars, workshops, and interactive sessions. this platform connects students with an exceptional alumni network, providing industry fundamentals.

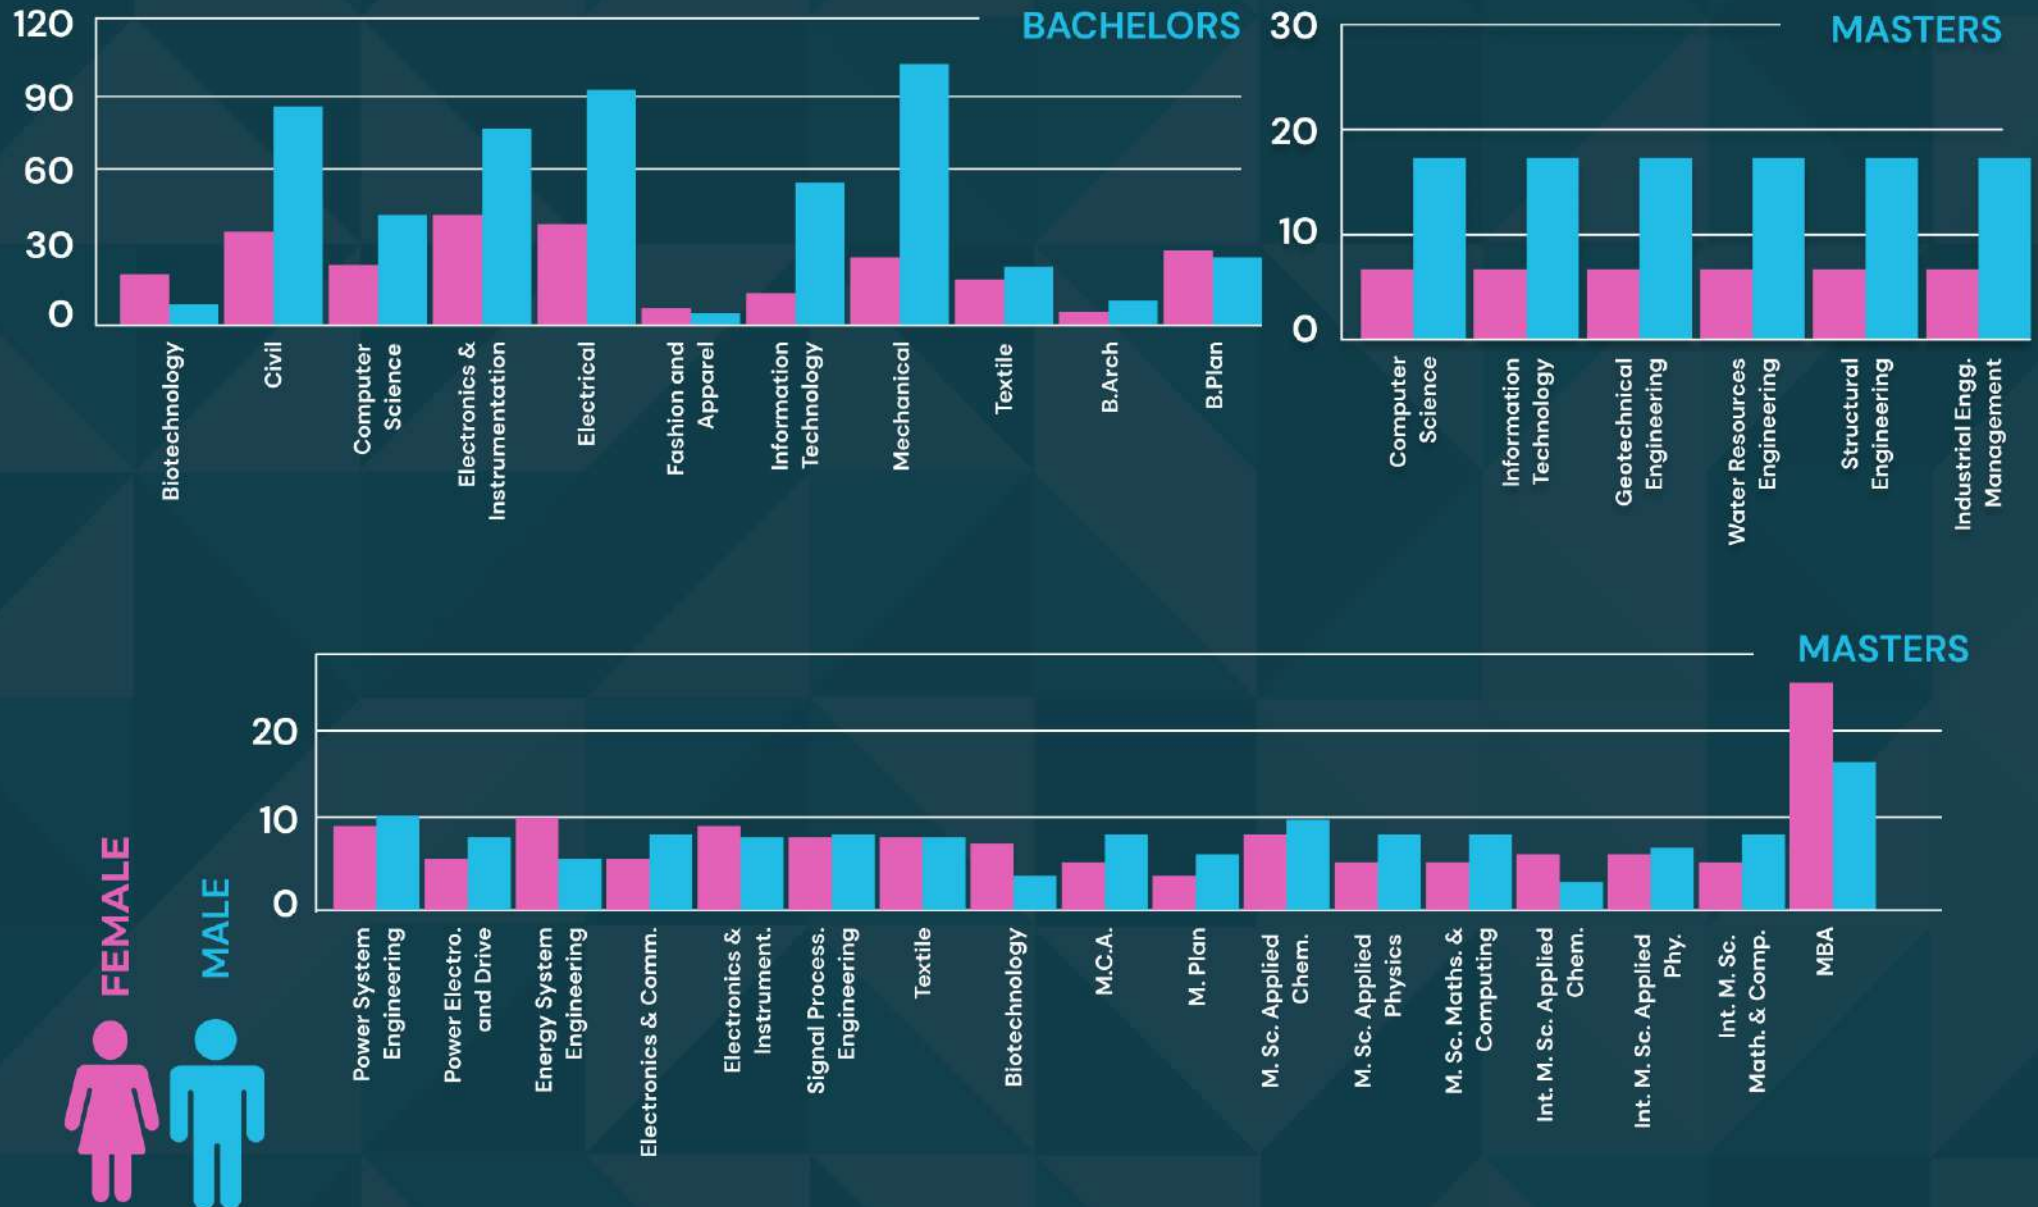

EXTRAVAGANT MINDS

A leading government university in odisha, is a preferred choice for jee aspirants ranked just below iit and nit in the state, it consistently sees high yearly cut-off scores.

HOLISTIC DEVELOPMENT

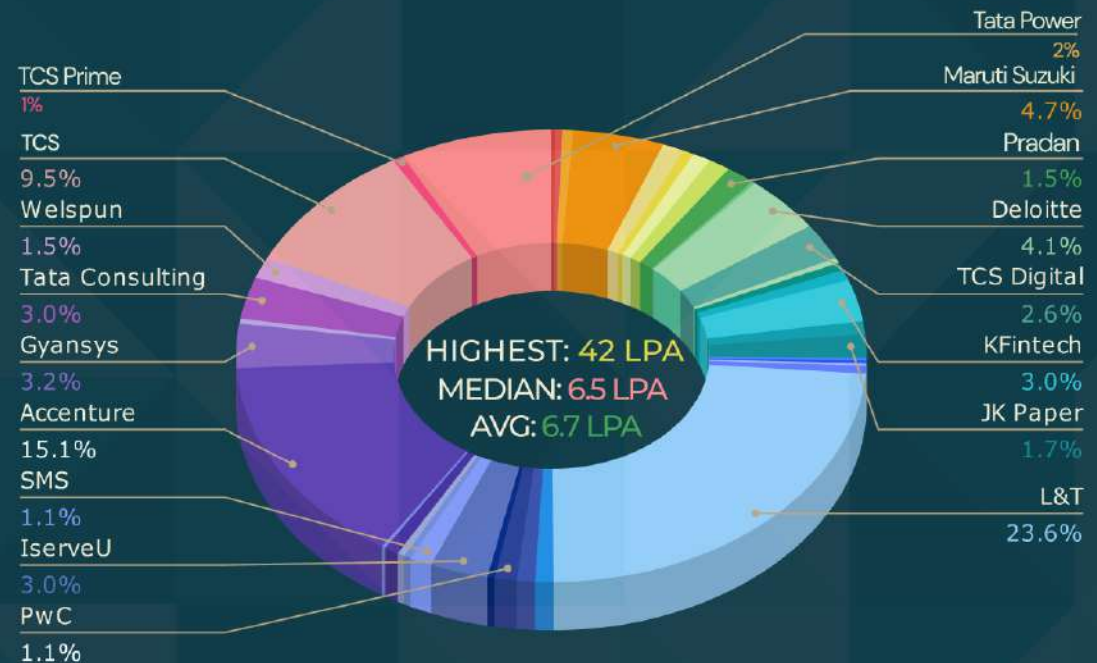

At OUTR, students stay ahead with a curriculum emphasizing soft skills and enriched by diverse extracurricular activities. notably, outr students excel, earning certifications in sap, cisco, amazon, aws, red hat, blue prism, and matlab.
